

DIAMOND ALIGNMENT™

A SACRED TECHNOLOGY

THE SPECIALIZED REMOTE DIAMOND CLEARINGS

Jacqueline Joy, Diamond Alignment's Spiritual leader and advisor, uses her advanced energy technologies to transform and clear lower vibration frequencies that are "clouding" your true Diamond Nature, freeing you to manifest and express from your Diamond Self in the foundational areas of Diamond Mastery covered in the recorded Diamond Discourse/Activation Transmissions.

These Specialized Remote Diamond Clearings are part of the vast multi-dimensional *Diamond Alignment* infrastructure, or Diamond Energy Grid, that Jacqueline Joy has developed and refined for more than 19 years, with her higher Team.

HOW IT WORKS:

When you follow our instructions for receiving one of these "laser focused" clearings, your Consciousness will download the vibration of the specific Diamond Clearing directly from the Diamond Energy Grid. Your cells will then release the congealed energies – long-held thought-forms, beliefs, patterns, programming, imprinting, conditioning, and false images of yourself that have limited you in the specific area of your life addressed in each of the MP3 audio recordings included in the Foundational Package that you have purchased.

The Diamond vibration transforms lower vibration energies that are releasing from your cells by raising your frequency, thereby accelerating your release process and making it more gentle and comfortable: physically, mentally and emotionally.

Since these "Remote" Clearings have already been established by Jacqueline Joy at the vibrational level in the Diamond Energy Grid, it is not necessary to be in contact with her in the "physical" to receive the Clearing. What IS important is that you set aside time to fully and consciously receive the Clearing.

The Diamond Energy is not bound by linear time and space. It works at the multi-dimensional level of Diamond Consciousness, in response to your choice to receive it (by purchasing it) and vibrationally clears that which is not in alignment with your Highest Diamond Potential in the specific area covered in the recorded Diamond Transmissions.

Receiving a Remote Diamond Clearing is similar to receiving a computer program (e.g., an anti-virus software program), that must be downloaded into your computer, by following the

instructions, in order to use it. In the same way, the Specialized Remote Diamond Clearing is downloaded into your cells by following the “Instructions for Receiving” included in your Diamond Package. Just as the computer software, which has already been created, tested and refined, works for all who purchase and download it, the Specialized Remote Diamond Clearings of the Diamond Technology have been created, tested and refined, and work for all who purchase and download them.

WHAT IS BEING CLEARED:

What the Diamond Energy is clearing remotely is related to the topic of the Diamond Transmission recordings included in your package.

“Remote Clearings” vibrationally clear the lower frequencies in the:

- ◆ Mental body (old thought forms, images of oneself, limited beliefs, conditioning, patterning, programming, imprinting)
- ◆ Emotional body (traumatic emotions from past experiences)
- ◆ Etheric body (trauma, disturbances, interferences which have compromised the integrity and cohesiveness of one’s original Divine Blueprint)
- ◆ Physical body (coagulated energy stored in the body and manifesting as pain, tension, dis- ease) resulting from past experiences that are in resistance to the topic of the chosen clearing

For example, for “Joy in the Body”, that which currently prevents/limits you from experiencing Joy in the Body will be transformed and cleared.

Instructions for receiving the most from your recorded DIAMOND MASTERY ACTIVATIONS and related SPECIALIZED DIAMOND REMOTE CLEARINGS ...

Set-up:

- ◆ Do the Diamond Mastery Discourse/Activations and related Remote Diamond Clearings one topic at a time
- ◆ Jacqueline Joy advises waiting a few days in between each paired Transmission recording/Remote Clearing to allow for the body to go through the release process and to physically integrate the high-frequency Discourse/Activation Transmission and Clearing

- ◆ Since everyone is so individual in terms of how much they have to clear and the time needed for integration, she recommends that you trust the Guidance from your own Higher Consciousness to know when you are ready for the next Discourse/Activation and Remote Clearing
- ◆ You can intensify the Clearing by making a list beforehand of the issues you want to clear related to the Discourse/Activation topic
- ◆ Listen to the recorded Diamond Mastery Discourse/Activation first
- ◆ Set aside 60 minutes (either directly after listening to the recording if possible, or at your earliest convenience) to receive the Remote Clearing
